

Vorlage is situated right in the middle of the village of Wakefield, 25 minutes from Ottawa and is a ski area that is dedicated to families.

There are 150 ski instructors available for you and your family and can teach skiing and snowboarding at all levels.

Vorlage has 17 runs, with 13 open for night skiing and boarding. There is also a snowboard park, for both skiers and boarders. Whether expert black diamond runs, or the bunny run that even the most timid skier can handle, there is something for everyone.

Vorlage is proud of it's grooming which is second to none, it leaves you gliding the slopes and not skating them. As Vorlage is less than half an hour away, you can leave the office, have a bite to eat in the lounge or the cafeteria, get dressed and be on the slopes in less than an hour.

Vorlage, come ski the difference. You will notice the difference from the moment you arrive to the first contact your skis make on the hill.

Visit our website today to discover everything we can do for you, www.skivorlage.com.
